SUCCESS STORIES

SARAH CROUGHWELL, FINE ARTS WITH A CONCENTRATION IN DESIGN

"...they can help you learn what job you want and how to shape your college experience to achieve that rather than just grinding through to get what you need."

SUCCESS STORIES

PRACHI DHAVALE, PLASTICS ENGINEERING

" Being from a different country, my career portfolio was very different from the one required here in the United States. The services provided by UMass Lowell Career & Co-op Center helped me customize my portfolio for the industry I wanted to apply to."

CONCLUSION

- Co-Practical Program is possible
- Need to work with college campuses
- Bridge for international students into American workforce
- Not only international students, Alamo Colleges could really benefit
- Pricing isn't on LaunchSA but the students and colleges
- Comes with procedure
